DEADLINE

Deadline for the next issue of *Today & Tomorrow,* which will cover the time period January 15 to 28, will be **Tuesday, January 4, 11 a.m.** Please send your copy to Allen Balderson, News & Public Information Services, 532 Parnassus Ave., Rm. 300, x1541 or x2557.

Vol. 8 No. 23, Dec. 18, 1982-Jan. 14, 1983

TODAY & TOMORROW

DEC. 18, 1982—JAN. 14, 1983

Students, faculty and alumni of the School of Medicine are invited to participate in the first regional hearings of the Association of American Medical Colleges (AAMC) Panel on the "General Professional Education of the Physician," Thursday and Friday, January 27 and 28 in Cole Hall.

The 18-member panel is acting as an advisory group for a three-year study reviewing and appraising the educational period (usually eight years) from when a pre-medical student first enters college to the time the MD degree is awarded. Steven Muller, PhD, president of Johns Hopkins University is chair of the panel.

At the sessions here, the panel will hear comments from groups and institutions, and also from individuals, who wish to discuss how educational programs can be adapted to better prepare future physicians for the rapid changes in medical care and advances in health care technology.

Individuals wishing to appear personally should contact August G. Swanson, MD, project director, AAMC, Suite 200, One DuPont Circle, N.W., Washington, DC 20036, (202) 828-0430.

The hearings begin at 9:30 a.m. on both days. An official UCSF presentation will be made under the leadership of Associate Dean Alan Goldfien. Individual comments for presentation may be forwarded to him at S 221, x2346.

Rudi Schmid, MD, professor of Medicine and director of the Liver Center, has accepted the position of dean of the School of Medicine. The formal appointment will be submitted to the UC Regents in January for their approval.

A member of the National Academy of Sciences since 1974, Schmid is internationally recognized as a leader in the field of liver disease and related metabolic disorders. He has created one of the foremost centers for liver disease in the world on this campus and in the Rice Laboratory at SFGH.

Schmid, who also is chief of the Division of Gastroenterology, has established particularly strong relationships with the practicing gastroenterology community in San Francisco, who participate to a remarkable degree in the teaching and clinical activities of the Liver Center and the Gastroenterology Unit.

Schmid received his MD degree from the University of Zurich and took additional medical training at UCSF and the University of Minnesota School of Medicine. He taught at the University of Minnesota, Harvard and the University of Chicago before coming to UCSF as professor in 1966.

The formal appointment will be submitted to the UC Regents in Janaury for their approval.

He will assume his position on March 1, 1983.

Several holiday events will occur on campus the last two weeks of December.

- The LPPI Staff Committee for Special Events will hold its annual Holiday Drawing and Grab-bag on Wednesday, December 22, from 10 a.m. to 2 p.m. in the LPPI lobby. A ticket will be drawn every half-hour with the final drawing at 2 p.m. The grand prize is a 19-inch Toshiba Color TV. Tickets are available from LPPI employees and the LPPI switchboard. All proceeds will benefit the LPPI Patient's Benefit Fund and Staff Lounge Project. Free refreshments will be served.
- Gift check books offering savings of over $300 on dining and entertainment in San Francisco are on sale for $10 at the Moffitt and Clinics cashier stations (first floors Moffitt Hospital and the Ambulatory

SURGERY GRAND ROUNDS. Bldg. 7 Aud., VAMC. 8:30 a.m.

MONDAY 10

OTOLARYNGOLOGY CLINICAL ROUNDS. A 723. 8-10 a.m.

VOLUNTEER ORIENTATION. An orientation session sponsored by Volunteer Services to familiarize prospective applicants with volunteer opportunities available at UCSF Hospitals & Clinics. For further information call x1196. N 417. 1-4 p.m.*

LABORATORY MEDICINE CORE CURRICULUM IN CHEMISTRY: *Adrenal Cortex & Pituitary.* J. Blake Terrell, Med. & MRU. S 214. 2-3:30 p.m.

CVRI SEMINARS & CONFERENCES: *Non-Invasive Techniques for Quantifying Exercise-Induced Myocardial Ischemia.* Milton Hollenberg, Med. S 1364. 4 p.m.

LABORATORY MEDICINE GRAND ROUNDS: In Vivo *Transfer of* E. coli *Genes to Bacteriophage P1 as a Model for Evolution of Genomes.* Mary K. York, Microbio. S 214. 4-5 p.m.

BIOCHEMISTRY/BIOPHYSICS SEMINAR: *Splicing of the Ribosomal RNA Precursor of Tetrahymena: RNA Recombination Directed by a Ribozyme.* Tom Cech, U Colorado. Sponsored by the Cetus Corp. HSW 302. 4 p.m.

TUESDAY 11

ORAL SURGERY CONFERENCE. C 701. 8 a.m.

COMBINED MODALITY BREAST CANCER CONFERENCE. Surg. Clin. Conf. Rm., 6th fl. A. 8 a.m.

OBSTETRICS/GYNECOLOGY & REPRODUCTIVE SCIENCES GRAND ROUNDS: *The Use of the G-Suit for Surgically Uncontrolled Pelvic Hemorrhage.* Eugene C. Sandberg, Ob/Gyn, Stanford. S 1364. 9 a.m.

OBSTETRICS/PEDIATRICS & ANESTHESIOLOGY CONFERENCE. Julian T. Parer, Ob/Gyn; Roderic H. Phibbs, Ped. & CVRI; Sol Shnider, Anes. & Ob/Gyn. M 1486. Noon.

MUSIC PERFORMANCE: *Dalglish & Larsen Band.* Folk music on hammer dulcimer, flute and guitar. MU lounges. Noon. Free.*

ORAL BIOLOGY 220 SEMINAR: *Factors Affecting Post-Operative Pain.* John Leven, Rheumatol. & Neurophysiol. HSW 302. Noon-1 p.m.

BROWN BAG TOURS LECTURE SERIES: *Approaches to Holistic Medicine.* Effie Poy Yew Chow, East-West Acadamy of Healing Arts. Tapes of all talks available for listening in SIMA unit, UCSF Library, HSE 345. For further information call x4394. HSW 303. Noon. Free.*

CHILD NEUROLOGY CONFERENCE. M 666. 4:30 p.m.

COURSE IN GU PATHOLOGY: *Wilm's & Related Tumors.* Werner Rosenau, Path. M 460. 4:30-6 p.m.

FACIAL PLASTIC SURGERY CONFERENCE. A 723. 5 p.m.

PATHOLOGY GRAND ROUNDS: *Pathology of the Orbit.* Edward Howes, Path. HSW 508. 5-6 p.m.

LIVER CENTER SEMINAR: *Gene Expression of Lipid Binding Proteins in the Intestine.* David H. Alpers, Washington U. St. Louis. HSW 301. 5 p.m.

THURSDAY 13

PEDIATRIC GRAND ROUNDS: *First topic & speaker to be announced. Patterns of Pulmonary Decline in Cystic Fibrosis.* Steve Alpert, Ped. S 664. 8:30 a.m.

OPHTHALMOLOGY GRAND ROUNDS: *The Use of Lasers for Microsurgery.* Michael Edwards, Neurosurg., VAMC. S 214. 9:15 a.m. Preceded by Patient Exams & Discussions: *Neuro-Ophthalmology.* William Hoyt, Ophthal. 8 a.m.

NEUROLOGY GRAND ROUNDS: *Topic to be announced.* Wallace Epstein, Med. & Robert Wood Johnson Clin. Schol. Prog. S 664. 11 a.m.-12:05 p.m.

PEDIATRIC TUMOR BOARD. M 372. 11 a.m.-12:15 p.m.

CLINICAL CONFERENCES OF THE LPPI CHILD & ADOLESCENT SERVICES. LPPI Aud. 10-11:30 a.m.

CONSULTATIVE TUMOR BOARD. M 372. 10:45 a.m.

CLINICAL NEUROLOGY CONFERENCE. A 884. 11 a.m.

REPRODUCTIVE ENDOCRINOLOGY SEMINAR: *Hormonal Influences on a Sexually Dimorphic Neurovascular System.* Arthur Breedlove, UC-Berkeley. M 1486. Noon.

COLE HALL CINEMA: *Missing.* Children under 14 $1.25; UCSF students & MU members $1.75; general $2.25. Cole Hall 6:30 & 8:45 p.m.*

UCSF & SFGH

NEWS BRIEFS

(Holiday events continued)

Care building) until Christmas. Complimentary admission to the Old Waldorf, the Blue and Gold Fleet Bay Cruises and S. F. Ballet's performance of the Nutcracker, plus offers on fine and casual dining are a sample of the bargains offered in the check book. Proceeds from the sale of the books will benefit the UCSF Child Care/ Study Center and "Save the Cable Cars."

• A special holiday lunch and dinner for staff, patients and friends of the campus will be offered at Moffitt Cafeteria on Christmas and New Year's Day. The Christmas menu will consist of cornish hen with rose sauce. On New Year's the traditional ham will be served along with pecan pie. The cost will be a discounted $4.65. Smaller portions also will be available for children under 12 for $2.35. A special buffet with free cookies and punch will be set up for all hospital employees who are working on Christmas Day.

• A Christmas mass will be celebrated on Christmas Eve at 7 p.m. and on Chritmas Day at 11:30 a.m. on the 8th floor Moffitt Solarium.

The majority of UCSF departments will be closed from Saturday, December 25 to Sunday, January 2 in celebration of the holiday season. Hospitals and Clinics has a continuing responsibility for patient care services; therefore all employees in these areas should check with their department supervisors concerning exact holiday scheduling.

Employees normally paid on the first of the month will be paid on Monday, January 3 for their December earnings.

Floyd C. Rector, Jr., MD, professor of Medicine and Physiology, is this year's recipient of the prestigious Homer W. Smith Award in Renal Physiology from the New York Heart Association. The award honors Rector's outstanding contributions to the field of investigative nephrology.

A senior scientist in the CVRI, Rector came to UCSF in 1973 where he established one of the most active and productive renal physiology laboratories in the world. He is a pioneer in studies on maintaining the kidney's acid excretion. He is co-editor of the text, *The Kidney* (W.B. Saunders Co., 1981), and the author of more than 150 scientific papers and abstracts on the physiology of kidney disease.

George L. Kenyon, PhD, professor of Chemistry and Pharmaceutical Chemistry, School of Pharmacy, has been appointed chair of the Department of Pharmaceutical Chemistry, effective the first of December.

Kenyon, who was assistant professor at UC-Berkeley from 1966 to 1972, came to UCSF in 1972 as an assistant professor, and became a full professor in 1979. He received his MA and PhD from Harvard and was the recipient of a five-year NIH Career Development Award in 1975.

Kenyon's primary reserach interest is organophosphorus chemistry, enzyme mechanisms and the rational design of enzyme inhibitors.

The UCSF Police Department continues to offer a night security shuttle and escort service for all staff, faculty, students and visitors to the campus.

• The night security shuttle operates seven days a week 5 p.m. to 2 a.m., leaving Moffitt circle approximately every 20 minutes. The drivers transport people to the parking garages, public transportation, homes and to parked cars within the areas bordered by Clarendon, Clayton, South Drive and Ninth Avenue. For further information call x1414.

The Police Department advises those individuals who park in the Millberry Union garage at night, to try to park on the H Level. An intercom is located near the UC Police station and can be used to call the shuttle.

• Employees can be escorted anywhere in the hospitals and clinics buildings by security guards from 5 p.m. to 7 a.m., seven days a week. To obtain a guard escort call x1414.

• The Rape Prevention Education Program continues to offer a variety of workshops and classes for both men and women on self-defense techniques. Classes include: Women's Self-Defense Classes, Tues., Jan. 11 to Mar. 15, 6 to 9 p.m. and Wed., Jan. 12 to Mar. 16, 6 to 9 p.m.; Women's Self-Defense Review, Mon., Jan. 17 to Feb. 14, 7 to 9 p.m.; Men's Self-Defense Class, Tues., Jan. 11 to Mar. 15, 6 to 9 p.m.; Self-Defense Workshop, Sat., Jan. 29, 9 a.m. to 5 p.m. Pre-registration is required. For further information call x5683.

The Child Mandatory Restraint Law, SB537, goes into effect January 1. Passed by the State Legislature last August, it requires that all children under the age of 4 or under 40 pounds must be restrained in an approved car safety seat while riding in a passenger vehicle. Failure to do so may result in a moving violation.

The intent of the law is to prevent injury from auto accidents, which kill and disable more children than any disease, according to Janet Goodson, executive director of the California Division of the American Trauma Society. The Center is affiliated with UCSF and is headquartered at SFGH.

Under the new law any vehicle may be stopped if a child appears to be the specified age or weight range and the parent or driver may get a ticket if they are in noncompliance with the law. The ticket will be waived if the parent brings a receipt to the judge proving he or she has purchased an approved car safety seat.

A new *UCSF Women's Resource Guide* has been sent to all female faculty, students and staff on campus. The guide, produced by the Chancellor's Advisory Committee on the Status of Women, lists courses, services and organizations at UCSF that are directed specifically to the interests and needs of campus women.

Individuals needing additional copies should contact Jeanne Phillips, Chancellor's Office, S 126, x2401. Questions and comments regarding the guide should be directed to Marion Nestle, Associate Dean, School of Medicine, x2342.

The Office of Public Service Programs has updated its directory, which lists the public service activities of all campus departments and volunteer community efforts of individual faculty and staff.

The 200-page directory is a result of responses to surveys distributed to all campus departments and is available from department chairs and deans. For further information contact David Bracker, x3206.

The Contracts and Grants Office reminds researchers that all applications must be submitted to their office for review and processing at least two weeks prior to the agency's deadline. If Federal Express is necessary, Contracts and Grants must receive the proposal no later than noon on Friday, December 24. For further information call x2977.

The UCSF Ridesharing Program is now providing an information table on Tuesdays, from 11 a.m. to 1 p.m, rotating weekly among the lobbies of Medical Sciences, Millberry Union and the Ambulatory Care Center. A transportation assistant will answer questions on vanpools, carpooling, buspooling and public transit. For more assistance call x1511.

The first campus blood drive for 1983 will be Monday, January 17. Blood donation sites will be the main lounge of Millberry Union, 8 a.m. to 3 p.m., and the mezzanine level of the Nursing Building, 11 a.m. to 5:30 p.m. Donors wishing to make appointments should call x4013.

Two $35 gift certificates for dinner at the Washington Square Bar & Grill will be raffled following the drive. Donors should deposit their blood donation receipts in boxes at either donation site. The gifts are donated by the restaurant and Associated Students of UCSF.

Donna Peehl, PhD, post-doctoral fellow in Microbiology, and Steven Goldfien, MD, resident in Anesthesiology, were the winners of the October raffle.

For the first time, the UCSF Dental Alumni Association is donating $850 in prizes to the three dental and dental hygiene classes which donate the most blood during the January 17 drive.

Campus blood drives are sponsored by the Irwin Memorial Blood Bank of San Francisco and coordinated by UCSF Campus Tours and Speakers Bureau. For further information on the drive call x4394.

Two newly-appointed faculty members have been awarded three-year grants to support the early stages of their biomedical research.

David Agard, PhD, recently appointed an assistant professor of Biochemistry, has been named one of sixteen 1982 Searle Scholars, chosen from across the country for their proven abilities in biomedical research. Each scholar will receive a three-year, $150,000 grant from the Searle Family Trust to pursue extended research in an area of their choice.

Donald E. Ganem, MD, appointed in July as an assistant professor of Medicine and Microbiology, has been chosen from among "young physicians just starting in a faculty position at a US medical school," as one of twelve 1983 John A. and George L. Hartford Fellows by the John A. Hartford Foundation in New York City. The fellows will each receive $105,000 over a three-year period to begin careers in medical research, and in addition a stipend will be paid to the sponsoring institution for research expenses.

Agard, at present a post-doctoral fellow at the Medical Research Council Laboratory of Molecular Biology in Cambridge, England, will continue his research in his own UCSF laboratory on the three-dimensional structure and organization of chromosomes in eukaryotic organisms.

Ganem is now undertaking advanced training in the Department of Medicine at Brigham Women's Hospital in Boston. When he returns to UCSF he will resume his study of the life cycle of a hepatitis-like virus found in ground squirrels of the Bay Area. The virus, which does not infect humans, provides a safe model for the study of the life cycle of the human hepatitis virus.

HONORS & AWARDS

Marvin H. Sleisenger, professor & vice chair, Medicine: Visited the Hunan, Peking, and Second Shanghai medical colleges, at the invitation of the Chinese Ministry of Health, to deliver a series of lectures on gastroenterology and to look into the possibility of an exchange program between UCSF and the Hunan Medical College; visiting professor & lecturer, Keio University, Tokyo; first invited Agustin T. Liboro Memorial Visiting Professor, University of Saint Thomas, Philippines.

Roger Boles, professor & chair, Otolaryngology: Secretary, Council of Medical Specialty Societies.

Victor A. Levin, professor, Neurosurgery; chief, Neuro-Oncology Service; associate director, Brain Tumor Research Center: Medal of the Tokyo Society of Medical Sciences and Faculty of Medicine, Tokyo University, in appreciation of contributions to brain tumor research; special lecturer, Nikko Conference on brain tumor therapy, and Sendai Conference on brain tumors.

Herbert A. Perkins, clinical professor, Medicine; research associate, Cancer Research Institute; scientific director, Irwin Memorial Blood Bank, S. F. : Board of directors, American Association of Blood Banks.

Roger L. Crumley, associate clinical professor; **Herbert H. Dedo,** vice chair & professor, both Otolaryngology: Among four invited speakers from the U. S. at a surgical symposium, Humboldt University, East Berlin, Oct. 17-20.

Theodore R. Purcell, assistant clinical professor, Radiation Oncology; lecturer, Health & Medical Sciences: Chair, steering committee, East Bay Cancer Program.

Mary A. Limosner, administrative architect, Associate Administrative Vice Chancellor's Office: Board of directors, American Institute of Architecture, S. F. Division.

Theodore L. Phillips, professor & chair, Radiation Oncology; research associate, Laboratory of Radiobiology & Cancer Research Institute: Vice-president, Northern California Cancer Program Board.

Michael M. Merzenich, professor, Otolaryngology & Coleman Memorial Laboratory: Fellow, Acoustical Society of America.

Henry R. Bourne, professor, Medicine & Pharmacology; chief, Clinical Pharmacology: William N. Creasy Visiting Professorship in Clinical Pharmacology at Washington University, School of Medicine, St. Louis, Feb. 20-23. Awarded by the Burroughs Wellcome Fund.

Ilza Veith, professor emeritus, History of Health Sciences & Psychiatry: Distinguished Scientific Service Award, University of Chicago, Medical Alumni Association.

David A. Wood, director emeritus & consultant, Cancer Research Institute: Reappointed advisor, Cancer Committee, College of American Pathologists; reappointed member, Research Committee, California Division, American Cancer Society, and to the Medical & Scientific committee, American Cancer Society, nationally.

David A. Bracker, community health manager, Office of Public Service Programs: Executive secretary, CASE (Coalition of Agencies Serving the Elderly).

APPOINTMENTS

Julia B. Robinson: Appointed associate director, Langley Porter Psychiatric Institute. In this new position she assumes responsibility for designing, implementing and directing a development program for LPPI. She has been director of LPPI Administration since 1972.

Robert B. Painter: Appointed acting director, Laboratory of Radiobiology. He has been professor, Microbiology, Laboratory of Radiobiology and Radiology, since he came to UCSF in 1965. He has served as associate director, Laboratory of Radiobiology and Environmental Health, since 1975.

IN MEMORIAM

Edward Campion, assistant clinical professor, Pediatrics. A prominent Marin pediatrician, he retired in 1975 after practicing in both San Rafael and San Francisco. He was a fellow of the American Academy of Pediatrics and past president of the Marin Medical Society. Preferred are donations to Marin General Hospital's general fund.

Harold F. Eissman, clinical professor, Restorative Dentistry, School of Dentistry. A graduate of USC, where he also was elected into their Hall of Fame this year, he came to UCSF in 1967 and served as chair of Fixed Prosthodontics from 1969 to 1972. He also was given an award from the U. S. Army for meritorious service this year.

Andrew J. Daneri. A lecturer from some 40 years in the School of Dentistry. He retired from private practice in 1969. A 1923 graduate of the UC Dental College, he is credited with helping launch the UC Dental College oral surgery program. He served as treasurer of the California Dental Association for many years.
